

Asia Tin Week 2026

Yunnan Kunming

24-27 November 2026

Tin Connects the World, Powering the Future

After nine years, Asia Tin Week will return to Kunming this November.

Yunnan Province is home to several major tin smelters, and Kunming, its capital, sits at the heart of China's tin industry as the headquarters of the world's largest tin producer, Yunnan Tin. The previous Asia Tin Week in Kunming, held in 2017, attracted around 300 delegates, one third of them were international participants.

Since then, the global tin supply chain has undergone profound transformation. Asia has consolidated its position as the driving force in both supply and demand. China, Indonesia, Malaysia, and Thailand remain key producing countries, while China, Japan, India, and South Korea collectively account for over 45% of global tin consumption. At the same time, the green transition is accelerating the reshaping of the tin consumption structure, demand highlights are emerging in areas such as solar ribbon, electric vehicles, and semiconductors. The immense potential of artificial intelligence has opened up broad growth space for the industry, significantly boosting medium- to long-term demand expectations. Against this backdrop, supply-side constraints are increasingly becoming a focal point for the industry. How to build a resilient and sustainable tin supply chain in Asia and globally, and how to strike a balance between national resource strategies and free market mechanisms, will be key topics for discussions at this conference.

Asia Tin Week is a strategic meeting point for the entire tin value chain to reconnect with partners, forge new collaborations and engage with industry leaders.

Asia Tin Week 2026 — back in Kunming. We look forward to welcoming you there in November!

P1

ASIA TIN WEEK 2026

Main points for discussion at the conference:

- **Navigating the New Resource Landscape:** Building a Resilient and Sustainable Tin Supply Chain for Asia and the World
- **Market Intelligence & Investment Signals:** Expert Insights on Price, Demand, and Strategic Opportunities
- **Tin-Powered Innovation:** Advancing Energy Storage, E-Waste Recycling, and Low-Carbon Production
- **Responsible Tin from Mine to Market:** Scaling ESG Impact Through Strategic Partnerships
- **TIN2030 in Action:** Turning Vision into Value for Producers, Traders, End-Users, and Investors

Conference Information

Date	Time	Activities
Tuesday, 24 November	10:00-19:00	Registration
	17:30-19:30	Welcome Reception
Wednesday, 25 November	09:00-17:30	Conference Sessions
	19:30-21:00	Gala Dinner
Thursday, 26 November	09:00-12:45	Conference Sessions
	14:00-18:30	Industry Tour A (Kunming)-YTG Digital Exhibition Center Haigeng Dam
Friday, 27 November	07:30-21:30	Industry Tour B (Gejiu*)-Tin Smelting Branch of Yunnan Tin Co., Ltd.

**Gejiu is 260 kilometers away from Kunming.*

Industry Tour A - Thursday, 26 November 14:00-18:30

Industry Tour A is a combined itinerary of industry tour and social tour. Participants will first visit the Yunnan Tin Digital Exhibition Center (industry tour), then proceed to Haigeng Dam for sight-seeing.

YTG Digital Exhibition Center: At YTG Digital Exhibition Center, you will step into an immersive tin-themed experience space to explore the green and intelligent development practices of Yunnan Tin covering its full industrial chain from geological exploration, mining and mineral processing, smelting, deep processing to research

and development. You may also reflect on approaches to advancing higher-quality and more sustainable development of the tin industry amid the new round of technological revolution and industrial transformation fueled by artificial intelligence.

Haigeng Dam

Haigeng Dam: *Bordering Dianchi Lake, it draws tens of thousands of black-headed gulls every winter that migrate here to spend the cold season. As a landmark check-in spot in Kunming, it is perfect for strolling, feeding seagulls and admiring the Sleeping Beauty Ridge of the Western Hills.*

Industry Tour B - Friday, 27 November 07:30-21:30

Tin Smelting Branch of Yunnan Tin Co., Ltd. : *On this tour, you will visit Tin Smelting Branch of Yunnan Tin Co., Ltd., the world's largest single-site tin smelting base. As the most highly digitalized tin smelter, it boasts complete production processes and advanced technologies, embodying its transformation from traditional manufacturing to intelligent manufacturing. In recent years, it has pursued independent R&D and integrated innovation of core technologies, striving to build an intelligent benchmark factory in the non-ferrous metal sector.*

Sponsorship Opportunities

Asia Tin Week 2026 offers a range of sponsorship opportunities to help raise your company's profile and showcase your brand at a key event in the Asia tin industry calendar. Visit the [event website](#) for full details and to explore the available sponsorship packages.

- Platinum Sponsor
- Gold Sponsor
- Silver Sponsor
- Welcome Reception
- Canvas Handbag
- Buffet Lunch
- Lanyard
- Booth
- Bronze Sponsor

Conference Registration

All delegate fees detailed below include Welcome Reception, Conference Sessions, lunch on 25 & 26 November, and the Gala Dinner on 25 November.

	Early Booking (US\$, Until 30 September 2026)	Full Fees (US\$)
Delegate	\$1590	\$1930
ITA Board Member	\$1400	\$1740
Speaker	\$950	\$1050
Partner Package**	\$350	\$350

**Accommodation and travel are not included in the above fees.*

***Partner package includes a cocktail reception on the 24th, lunch on the 25th and 26th, and Gala Dinner on the 25th*
